The Ku-Klux Damearacy

As the grub becomes a butterfly and the As the grub becomes a butterfly and the tadpole a frog, by a process of natural development, so the Copperhead party, under the sun of Andrew Johnson's favor, has become the monatrous and murderous Ku-Klux Kian. The Ku-Klux Democracy is the Coppushead Democracy in an advanced stage of development. If now less subtle in its habits, it is more awful in its befant, lawlessness, and more horrible in its bloody crimes.

rible in its bloody crimes.

It is idle to say the Ku Klux Klan is not a manifestation of the Democratic party. It is its prominent and typical feature in this year Ta prominent and typical feature in this year of Grace, 1868. The members of the order are Democrats, and they are all Ku-Kinzes because they are Democrats. The victims of its malicious cruelty are Republicans and Union men, and it is because they are Republicans and Union men that they are made its victims. It is equally idle to say that the Ku-Kinz Kinn is a faction of the party with which is the control of the party with the control of the control o It is equally idle to say that the Ku-Kinz Klan is a faction of the party with which the mass of the organization has no sympathy. Neither the organization as a whole nor any influential portion of it dares repudiate or rebuke either the aims or the methods of the Kian. On the contrary, the party has, in a signal manner, proclaimed that its grand purpose is identical with the professed object of these criminals. The announced design of its Ku-Klux Klan, which is put forth as the apology for its existence, is to overthrow the governments of the which is put forth as the apology for its existence, is to overthrow the governments of the Southern States, which have been framed under the laws of Congress, by the Union men living in them, and this they intend and expect to do by driving out of the South all Union men from the North, and intimidating the Union men from the South, white and black alike, to an attive in the South, white and black alike, to native in the South, white and black slike, to such an extent that they will not dare take any part in political affairs.

And the National Democracy proposes to

And the National Demogracy proposes to itself the same object, the overthrow of the governments of the reconstructed States, and the laws of Congress which authorize these. The purpose so of the Demogracy, and that of the Ku-Klux Klun, are not only harmonious—they are thenical, they are as on with each other. There can be my quarred between them. To be sure the party has not yet in the North set on host the party has not yet in the North set on first the asme measures as in the Nouth, but there is no ground either in reason of experience for supposing they will heatiste to do it if other as fail, and they should come to be of opinion such would succeed. The New York richs lare shown that Northern Democracy is not without capable and willing material for doing a work of Iswleas incendurism, pillage and assassination, while Frank Illair's letters, and like declarations of kindred spirits, indicate that not all the thoughts of the leaders are of logal remedies and peansful methods.

A studiesa evidence of the term will not

A studious avoidance of the term will not cause to be forgetton the fact that during the war your peace Democrat was in all cascatial attributes a chalignant and contemptible Copperhad, and if that designation does not accurately characterize him now, it is because he has grown belder and worse. It is only the difference between a crawling venezones acrpent.

OILS. 

The Democratic journals attack Grant because he drinks, and Colfax for being a temperance man. Just so the Copperhead journalists of that day attacked the founders of the Republican metry over eighteen hundred years ago, saying that one had dorif because he came neither varing nor drinking, and the other was a win bibber, the friend of publicans and sinners.

Tan fight at Gettysburg, between Monde and Lee was far the presention of Washington. The fight now between loval Republicans and the rabel Democrace is for the presention of the National Capital. See to it, citizen-soldiers, that the on miss of the Republican accomplish through the forms of an election what they could not accomplish by means of war.

EVERY VOTE cast, in Ohio, for Grant and the Resublican ticket is a vote for peace. Union and prespective, while every vote for Sermour and the Domesratia ticket (whether so intended or no!) is a vote for another attempt at accession, another war, and financial ruin.
